**Contractor Signs Prohibited on
Residential Lawns and Property**

When improving your home, whether it is landscaping, refinishing your floors, painting or completely renovating your home, contractors performing work at your home are not allowed to erect a sign advertising their commercial business on your residential property. Wyckoff Code 186-28 prohibits the posting of advertising signs.

Contractors can advertise their expertise by the logos and information printed on their vehicles and of course, the best advertising is word of mouth.

Residents are requested to inform contractors performing work at their home that the use of advertising signs on residential lawns and residences is prohibited in Wyckoff.

If you have any questions, please contact the Building Department at 201-891-7000, ext. 302.
